

Located in the heart of Chicago, the UIC CS department is conducting multiple faculty searches this year for multiple tenure track faculty at all ranks. The first is searching broadly within the area of human-computer interaction, including research on a broad range of topics (e.g. mobile, wearable or embedded technologies, ubiquitous computing, robotic interactions, or social and collaborative computing); in a broad range of applications (e.g. healthcare, education, workplace technologies, home or consumer technologies); and broad range of methodologies (e.g. mixed or multi-method, ethnographic, user or case study, time-series analysis, quasi or experimental design). The second is searching for applicants in the area of computational biology to work with UIC's Center for Bioinformatics and Quantitative Biology. The third is searching for applicants from all areas of computer science.

Minimum qualifications: PhD or equivalent degree in computer science in closely related field

Applications must be submitted at <https://jobs.uic.edu/>, and must include a curriculum vitae, teaching and research statements, and names and addresses of at least three references. Links to a professional website such as Google Scholar or Research Gate are recommended. Applicants may contact the faculty search committee search@cs.uic.edu for more information. For fullest consideration, applications must be submitted by February 11, 2021. Applications will be accepted until the positions are filled.

The Department of Computer Science at UIC, which will be hiring between 15 and 30 new faculty in the next 5 years, has 40 tenure-system faculty, 4 research faculty with strong and broad research agendas, and 16 clinical/teaching faculty. The department is committed to building a diverse faculty preeminent in its missions of research, teaching, and service to the community. Candidates who have experience engaging with a diverse range of faculty, staff, and students, and contributing to a climate of inclusivity are encouraged to discuss their perspectives on these subjects in their application materials.

UIC is a major public research university (Carnegie R1) with about 2,800 faculty and over 34,000 students. UIC is committed to increasing access to education, employment, programs and services for all. UIC is committed to supporting the success of dual-career couples.

Chicago epitomizes the modern, livable, vibrant, and diverse city. World-class amenities like the lakefront, arts and culture venues, festivals, and two international airports make Chicago a singularly enjoyable place to live. Yet the cost of living, whether in an 88th floor condominium downtown or on a tree-lined street in one of the nation's finest school districts, is remarkably affordable.

The University of Illinois at Chicago is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply.

Offers of employment by the University of Illinois may be subject to approval by the University's Board of Trustees and are made contingent upon the candidate's successful completion of any criminal background checks and other pre-employment assessments that may be required for the position being offered. Additional information regarding such pre-employment checks and assessments may be provided as applicable during the hiring process.

The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment.
